Covid-19 Research Day

IFS-EPoS Hybrid Workshop

December 10, 2021

This workshop is meant to provide a forum for discussion of on-going work related to the pandemic crisis. It will enable researchers from IFS and EPoS to interact, to discuss which issues are most interesting to study, and how to advance this research.

The workshop will be organised in hybrid model in London and virtually in Mannheim/Bonn.

In London, it will take place in CILIP Conference Room (1st floor, 7 Ridgmount Street, WC1E 7AE). Please let us know if you will attend in person or online here, by emailing events@ifs.org.uk.

To join the conference virtually, please use the zoom link below:
